From (Name) V. Ramakrishna Esq., M.A., B.Sc., (Edin.) I.C.

(Designation) Director of Industries,

To The Secretary to the Government of Madras,

Development Department.

Sir, (H)

Ref:--Para 4 of G.O.No.521-P.Development dated 14th April 1932.

--

In the above order the Government have limited the payment of stipends to those students in the schools who are absolutely in need of it, subject to a maximum of 33 per cent of the number on the roll. In this connection it has been brought to my notice by the prominent citizens in Bellary that owing to the prevailing famine conditions in the district most of the boys attending the Government Industrial School, Bellary, are not in a position to continue their studies without the scholarships and it has been represented that the

old system of payment of stipends to those in attendance in the school should be continued for a time at least. As the District Boards of Madura and Ramnad have agreed to award twenty scholarships to the students attending the Government Industrial Institute, Madura, there appears to be no special need for the department to award any scholarships this year to the new entrants there, and I suggest that the scholarships thus made available might be diverted to Bellary to meet the abnormal situation, I recommend, therefore, that in the circumstances the Government will be pleased to increase the number of scholarships in the Government Industrial School, Bellary, by ten, which is approximately one-third of the number of new admissions to be made to the Madura Institute during the current year.

W. B. H.
